

PDPM
INDIAN INSTITUTE OF INFORMATION TECHNOLOGY,
DESIGN & MANUFACTURING JABALPUR

(A Deemed to be University established by Ministry of Human Resource Development, Government of India)

Two days workshop on

“Application of MATLAB for Engineering Computations”

April 20-21, 2013

(Hands-on Experience Oriented Programming Skill Development Program)

Introduction

Now a days programming knowledge has become very essential for engineering professionals as well as scientist and researchers to develop simulation models, performing analysis, optimization & decision making. Knowledge of using modeling packages like AutoCAD, Pro/E, SolidWorks, CATIA, MS-Excel etc. is not sufficient. Engineering professionals, scientist and researchers are also expected to know, how to control the package by programming and customizing it as per the requirement. Many times data exchange between different software packages has become necessity to utilize expertise of different software packages and requires a neutral software tool like MATLAB to take the input from software, perform computations and output the results to another software package. MATLAB is an excellent tool for printing, plotting, visualization and manipulation of engineering data as well as performing various engineering computations. Software modules can also be developed using GUI of MATLAB. It also provides various tool boxes to perform different tasks. Regarding detailed MATLAB capabilities please visit <http://www.mathworks.com/products/matlab/>

The workshop information brochure can be downloaded from <http://amec.iiitdmj.ac.in/index.html>

Who should attend?

Faculty members/research scholars from academic Institutes and Scientists/Engineers working in Private/Public/Government Organizations/Industries, Research & Development establishments etc. can attend the course. As the training programme is of interdisciplinary in nature, students of all disciplines Mechanical, Electronics, and Computer Science, Civil, Information Technology are encouraged to participate. This workshop will provide initial and advanced knowledge about the use and application of MATLAB with real time problems and programs. It is designed to give fluency in MATLAB, including introduction to popular toolboxes. The course consists of interactive lectures with hands-on experience of working on MATLAB with open ended programming exercises.

Course contents and methodology

It is hands-on experience oriented programming skill development program with exhaustive programming exercises. Course will be beneficial to initial users of MATLAB as well as for practitioners of different domain. Teaching methodology will be adopted in such a manner so that all can cope up even those who do not possess any prior knowledge of programming. Case studies of advanced application of MATLAB will be presented by highly motivated researchers and faculty and demonstrate their recent research work. Course content will cover basic introduction to MATLAB, use of various commands, logical operators, functions, arrays, loops etc. printing, plotting visualization using MATLAB, data input/output in various format, generating executable files and stand-alone applications, building Graphical user interface (GUI), introduction to Simulink etc., with exhaustive sample programs and exercises.

Registration fee

The workshop participation Fee is Rs. 1000/- which includes the course materials. Participants will be provided working lunch and served tea/snacks during the sessions. Accommodation can be arranged, if required, in hostel/guest house on nominal payment basis subject to the availability. No TA/DA will be paid to the participants. Participants will be selected on first-come-first serve basis.

The registration form, complete in all respects and accompanied by demand draft of requisite amount in favor of “AMEC” payable at Jabalpur, should reach the Course Coordinator on or before **April 15, 2013**. Registration Fee can also be paid using net banking or NEFT to the account No. 50150259493 (Allahabad Bank, Mehgawan, IIITDM Branch, IFSC Code: ALLA0212433) and soft/scanned copy of the filled registration form can be send to the amec@iiitdmj.ac.in

Venue & Time

Workshop will be held at Dr. Sanjeev Bhargava Core Lab Complex, IIITDM Jabalpur Campus on April 20 – 21, 2013 from 10:00 AM to 05:00 PM.

About IIITDM Jabalpur

The PDPM Indian Institute of Information Technology Design and Manufacturing Jabalpur (IIITDMJ) is the unique Institute established by MHRD Govt. of India in collaboration with Govt. of Japan, to promote interdisciplinary research in the area of design and manufacturing. Institute has latest state of the art manufacturing facilities. To promote interdisciplinary research, Institute is following unique curriculum which provides students with an opportunity to gain interdisciplinary skills. Institute is also running Master of Design and M. Tech. program in Mechatronics, apart from the B. Tech. and M. Tech. programs in Mechanical (ME), Computer Science & Engineering (CSE) and Electronics & Communication Engineering (ECE). Institute also offers Ph.D. program in ME, CSE, ECE and Design. To build strong partnership with industry, Institute offers six months long internship to the UG/PG students as part of their curriculum. To know more about the Institute, please visit www.iiitdmj.ac.in

Organizing Committee

Chief Patron:

Prof. Aparajita Ojha, Director, PDPM IIITDM Jabalpur

Patron:

Dr. Pritee Khanna, Head, Computer Science and Engineering Discipline

Co-ordinators

Dr. Prashant K. Jain, Associate Professor, pkjain@iiitdmj.ac.in

Dr. Pavan Kumar Kankar, Assistant Professor, kankar@iiitdmj.ac.in

Speakers

Dr. Prabin Kumar Padhy, Ph.D. (IIT Guwahati), Associate Professor in ECE Discipline

Dr. Prashant K. Jain, Ph.D. (IIT Delhi), Associate Professor in ME Discipline

Dr. Pavan K. Kankar, Ph.D. (IIT Roorkee), Assistant Professor in ME Discipline

Dr. Sachin Kumar Jain, Ph.D. (IIT Kanpur), Research Engineer in ECE Discipline

Mailing Address:

Dr. Prashant K. Jain/ Dr. Pavan K. Kankar

PDPM Indian Institute of Information Technology, Design & Manufacturing Jabalpur

Dumna Airport Road, P.O.: Khamaria, Jabalpur - 482 005, Madhya Pradesh, India
